

Sun Catchers

ACTIVITY

This simple activity is fun for both adults and kids. With only a few items needed, you can create something pretty in no time.

Shopping List

Tissue Paper

Clear Tape

Scissors

Sharpie

Sticky Back Plastic

1. Cut up the tissue paper into small pieces and remove the backing of the sticky back plastic so it's facing sticky side up – you can tape the corners to keep this in place.

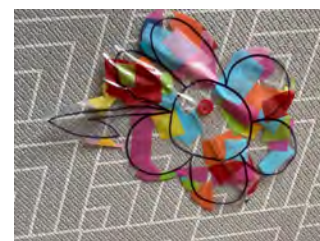

2. Let your little one decorate the sticky side all over with the tissue paper or your chosen material.

3. Fold in half so the sticky sides are placed together.

4. Draw on your chosen design with the marker pen – it can be a flower, heart, rainbow or whatever you desire!

5. You can cut out the shape of your design or alternatively stick straight onto the window to display your beautiful sun catcher!
