Two Goggly Eyes

1. Turn your card landscape and add some vines to the top for your monkey to hold onto.

2. Stick the handprint with the fingers (monkeys limbs) pointing towards the vines.

3. Add on a head, ears and a tail for your monkey.

4. Stick on the googly eyes and add a cheeky monkey smile

5. Add the finishing touches to your card, by adding some blossom to the vines and the cheeky monkey message!
