

Valentines Sensory Basket

ACTIVITY

Sensory baskets are a super simple but very effective activity to give a baby!

Having a theme will be a huge help, so for our Valentine's Day sensory basket, we went all things pink, purple and red. As long as it's baby safe, they can play!

Assemble with:

Anything pink or red! Nanny Fizz uses...

Sensory bottles

Colour pasta, rice or chickpeas

Ribbon

Sensory scarves

Pink heart cookie cutters

Wooden rainbow pieces
