

Taste-Safe Ocean Adventure

ACTIVITY

A great set up to bring the beach indoors and explore the ocean animals, this is all edible so safe to play and explore with all the senses!

Assemble with:

Spaghetti

Blue food colouring

Zip lock bag

Ocean creatures

Rice Krispies or similar

A tray

1.

Cook the spaghetti following the packet instructions. Once cooked drain and rinse thoroughly. Put the spaghetti in a zip lock bag and add your food colouring, mix the spaghetti around the bag until it has turned blue, add more food colouring if needed.

2.

Once coloured put the spaghetti back in the sieve and briefly rinse the spaghetti with cold water again so any unabsorbed dye runs off, careful here not to over rinse and lose all the colour! Place the spaghetti in the tray or on a plate and leave to dry out.

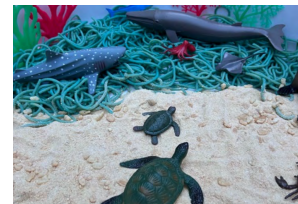

3.

Pour the Rice Krispie cereal into the blender and blend until a fine powder, if you don't have a blender pop the cereal in a zip lock bag and crush with a rolling pin.

4.

Pour the sand cereal into the tray alongside the spaghetti sea and smoothen out, depending on the size of the tray and how much you have you might need to repeat the process for some more sand!

5.

Add the ocean creatures and enjoy!
