

# Celery Printed Flowers

## Activity

A simple but effective craft that could be used for homemade cards or just as a craft activity.

### Assemble with:

The base of a whole celery

Paint

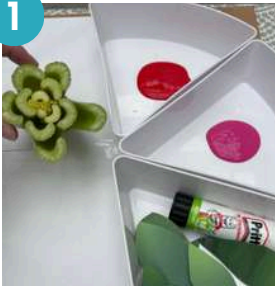

Green paper cut into a leaf shape (or you can use green paint!)

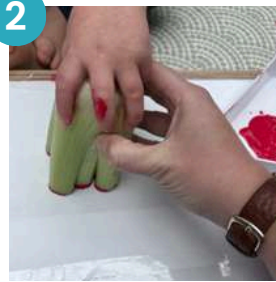

Glue stick

1

Chop the stalks of the celery and put aside for something else to avoid food waste - Holly used theirs in a cottage pie!

2

Put the celery into the paint and then stamp onto the paper a couple of times to make your flowers.

Repeat the process until you have created all the flowers you want.

3

Once the paint has dried, add the leaves!
