1.

Gather all your materials and find a clear space where you and the little ones can get messy! Pre-trim the plates so that they have a hole in the middle.

2.

Let your charges loose with glue and pom poms to add to their paper plates.

3.

Once dry, cut out some ears from the white and pink paper and stick on to the back. Add pipe cleaners to the sides for whiskers.

4.

You're done and ready to pose for all the Easter photos with these cute bunny masks!
